## Education

**Bachelor of Engineering (B.E) in Computer Engineering**  
Vellore Institute of Technology (VIT), University Bhopal, India  
CGPA: **9.0/10**

**Aug -Present**

**Higher Secondary**  
Simpkins School, Agra, Uttar Pradesh  
Aggregate: **96.6%**

**2021 - 2022**

**High School**  
Simpkins School, Agra, Uttar Pradesh  
Aggregate: **90.16%**

**2019 - 2020**

## Projects

**TechHubCentral | Aug 23 - Oct 23**

- Description: Innovative software developer skilled in creating a resource management application facilitating seamless upload, access, and sharing of diverse content (PDF, video, audio, technical materials). Empowers users to discover, contribute, and enhance skills in their domains, fostering collaborative learning environments.
- Proficient in: JavaScript, PHP, MYSQL, HTML/CSS.
- Lead a 5-member team as a Web Developer in a collaborative project.
- Link and Results: <https://github.com/ishap11/Technical-Resouces-websites>

**SecureCart | June 22 - Sept 22**

- Description: SecurCart ensures a secure and user-friendly online shopping experience. Users can effortlessly browse products, add items to their carts, and complete transactions with ease. Administrators have centralized control over sales, product metrics, user management, and daily reporting. User engagement is encouraged through product comments. This project prioritizes secure transactions and streamlined administrative functionality, making it an excellent choice for a dynamic and efficient online marketplace.
- Proficient in: JavaScript, PHP, MYSQL, HTML/CSS.
- Held the role of Full-Stack Web Developer, contributing to the comprehensive development of web applications
- Link and Results: <https://github.com/ishap11/SecureCart>

## Academic and Extracurricular Achievements

- Joined the cool Flipkart Grid 5.0 competition and showed off my computer skills. Worked in a team of 2 to 3 people, we came up with smart solutions in a tough competition. It was awesome! I learned a lot about the challenges in the tech world and the best ways to tackle them. And guess what? Any student can join, no matter what you're studying. They're all welcome! It's a super fun way to work together and learn new stuff.
- Attained LeetCode's "100 Days Badge" in DSA on December 15, 2023. Exhibited dedication to continuous learning, honed problem-solving skills through daily coding challenges, and strengthened proficiency in Data Structures and Algorithms.
- Achieved LeetCode's "50 Days Badge" in Data Structures and Algorithms (DSA) on December 15, 2023. Demonstrated commitment to skill development by consistently solving coding challenges, enhancing problem-solving proficiency and staying current in DSA concepts

## Certification

- Bits And Bytes of Computer Network (COURSERA)

## Skills

- Java, JavaScript ,Python, Sql , Html , Css , Php, Dsa

## Language

- English , Hindi
